Originals Cork

MADE BY
AMORIM
THE WORLD LEADER IN CORK FLOORING

A CORK PROGRAM YOU CAN COUNT ON.

The cork flooring market has changed dramatically in recent years. Manufacturers have regularly discontinued products, changed constructions, and replaced collections. Many dealers now have displays containing products that are no longer available.

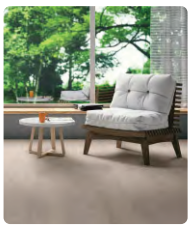

Originals Cork was created to bring stability back to the category. Working with Amorim, NRF built a focused collection of eight proven colors and committed to stocking them consistently whenever possible--giving dealers a dependable cork program they can confidently present after year.

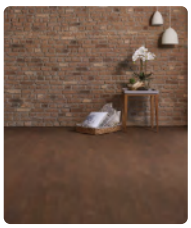

WHY ORIGINALS?

- Stable, dealer-focused assortment
- Eight proven colors
- Manufactured by Amorim
- Stocked and supported by NRF
- Designed for long-term continuity

8 PROVEN COLORS STOCKED BY NRF

Desire

Fasionable Cement

Chestnut

Lane Antique White

Moment

Accent

Harmony

Shell

TWO CONSTRUCTIONS. ONE INSTALLATION SYSTEM.

Both Originals Cork constructions feature the Valinge 2G locking system, allowing for fast, floating floor installations.

When project conditions require it, both constructions may also be installed using a full-spread adhesive in accordance with Amorim installation guidelines.

Choose the construction based on the performance your project requires--not the installation method

	ESSENTIALS CORK WATER-SENSITIVE	WISE CORK WATER-RESISTANT

OTHER AMORIM CORK PRODUCTS AVAILABLE BY SPECIAL ORDER

Many discontinued Amorim products can still be sourced through special order.

Some discontinued products are no longer manufactured.

Others require factory minimum purchases of approximately 3,000 sq ft and extended lead times from Europe.

When replacing or expanding an existing cork installation, contact your NRF representation to discuss available options.
